Fridays seem to be Sims Days for me lately...

I think this is my last question for you before we conditionally approve their Final SSAP:

Ex. 5 Deliberative Process (DP)

Maybe I won't include this issue in the conditional approval of the Final SSAP and instead just mention it them.

Thx,
juliet

Hi Juliet,

For San Francisco Bay sediments, DMMO recommends individual congener analysis via 8082s with GC-ECD (see attached
